

SANTA CLAUS

Announcement....

With the compliments of the season to all our readers, we ask you the question of the hour—WHAT ABOUT CHRISTMAS? The children are asking it with wondering and hopeful expectations of what Santa Claus is likely to bring them. The older people are asking it, not so much in speculation regarding the remembrances that Christmas will bring to them, but rather as an inquiry as to how they are to provide suitable and satisfactory presents for relatives and friends without too heavy a drain upon their time and purse. May we help you to solve the problem and put you in the way of doing your Christmas shopping with pleasure, satisfaction and economy? Our Holiday Stock this season, is a marvel of beauty and elegance; its new features are innumerable, and its variety almost unlimited. We are offering a stock that will meet the wants of everybody. High priced presents, low priced presents, useful, ornamental, practical or pretty; remember we have the best of the kind—and all kinds. We offer the advantage of selection that can only be found in an extensive showing of first-class Holiday Goods. New novelties are everywhere, and the latest and best of everything is the predominating feature of our display for the Christmas season of 1918. We take the liberty of making a suggestion regarding the best time to do your Christmas Shopping, and earnestly urge you to do it AT ONCE. There is much to lose and nothing to gain by waiting. Come early while the pick is the choicest, avoid the crowd and make your selections at leisure and in comfort, from a full and complete assortment. We know that a visit will convince you that we offer more and better inducements in quality, variety and reasonable prices than you can find elsewhere. We take pleasure in pleasing customers and will do all that lies in our power to help you to just the right article at the right price, so that you may leave our store glad that you came, and perfectly satisfied with your purchases in every respect. We extend a cordial invitation to all to come in and see our brilliant array of Holiday Goods, without feeling that the slightest obligation to purchase is incurred. Here is a little timely suggestion we think should be acted upon by the citizens of Yale at once. Every day articles appear in the metropolitan papers that thousands of our soldier boys had either arrived at New York or were about to embark on the homeward trip. It won't be long until some of our own boys will come home, and there should be a royal welcome to each and every one of the brave boys who went across the pond. Let's get something in shape for the joyous homecomings.

Jewelry and Coal

You have always tried to put in coal when the price was bottom; now you take it when you can get it. The same is true with other goods; but we're lucky; we've got lots of Holiday Goods--

And the price is up just as little as possible.

The decent way in a rising market is to give all we can as long as we can, and take as we must when we must. You and we are in the same boat. Let us show you we are on our customers' side. We needn't say much about it. "Actions speak louder than words."
